Purpose / Method of Work

THE GOVERNMENT ANNOUNCEMENT 22ND FEBRUARY 2021 – RETURNING TO ON SITE FACE TO FACE LEARNING 8TH MARCH 2021.

After the announcement by government that all schools and colleges will reopen and return back to face to face learning from the 8th March 2021 the college will plan to facilitate returning staff and students back to campus. This will involve carrying out on site mass testing of all the college community with the use of Rapid Lateral Flow Devices (LFD) and then eventually moving to home testing carried out by both staff and students.

As directed by the government the college has set up the mass testing centres and have prepared to carry out mass testing to the college community when the campuses reopen. The testing of staff working on campus during the national lockdown was carried out throughout January – March 2021.

Assessing and managing the risk of college operations at both campuses after the new year National Lockdown. Continue implementation of new working and learning operations on site which will include but is not an exhaustive list:

- Social distance working
- Social distance learning
- Importance of personal hygiene – hand washing
- Dividing corridors with safety tape and implementing 'Keep left in corridors' measures
- Staggered starting times
- Staggered break times
- Wearing of face coverings in all areas including classrooms
- On site COVID-19 mass testing and home testing implemented to those that consent to being tested

Specific Legislative Requirements

The Health Protection (Coronavirus) Regulations 2020
 Health and Safety at Work etc Act
 Management of Health and Safety at Work Regulations
 Provision and Use of Work Equipment Regulations
 Workplace (Health, Safety & Welfare) Regulations
 Manual Handling Operations Regulations
 Control of Substances Hazardous to Health Regulations

Level of Skill / Training Required

Awareness of safe practices and procedures for Coronavirus
 Appropriate level of competence to operate work equipment
 Awareness of emergency procedures
 NHS Mass testing training

Chemicals / Materials Involved

HSC No.

Assessment Date

Disinfectant
Sanitiser

Specific Work Equipment Provided

PPE equipment
 Cleaning equipment – mops, buckets etc
 Waste disposal equipment – clinical waste bins

Reactive agent contained within Lateral Flow Device equipment

Main Hazards Identified

Who Will be Affected

Control Measures to Reduce The Risk

Spread of the Virus
COVID-19 General

Staff
Students
Contractors
Visitors

NHS provides advice on what COVID-19 is, what the risks are, the symptoms, how COVID-19 is spread, and how to avoid catching or spreading germs (simple Do's and Don'ts):
<https://www.nhs.uk/conditions/coronavirus-covid-19/>

Government guidance on hand washing is provided in line with the 20 second rule:
<https://www.nhs.uk/video/pages/how-to-wash-hands.aspx>

Additional consideration will be given to members of staff / learners who may be deemed to be at increased risk.

Robust cleaning regime in place, frequent contact surfaces such as door handles and light switches are disinfected regularly.

Any reported absenteeism from either staff or students that believe they have symptoms of COVID-19 will be told to use the online 111 coronavirus service or call 111 or 119 and self-isolate.

Posters are displayed around site with information of symptoms of the virus.

Any staff or students that notify the college they believe they have symptoms will be sent home and told to follow NHS / Government guidance.
<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance>

Hand washing and soap facilities available in the toilets.

Hand sanitiser available at various locations on site.

Person will be moved to a separate room where they can isolate and shut the door and have access to a toilet, supervision will be provided if required.

Person will be sent home to self-isolate and to follow NHS / government guidance, this includes getting tested.

Close off area and ensure it is not used until it has been thoroughly cleaned and decontaminated.

Follow government cleaning guidelines if someone is taken ill on campus.

Someone entering the site with COVID-19

Someone becomes ill whilst on site

College Test and Trace system

COVID-19 On site and home Testing

Hygiene – hand washing, sanitation facilities and toilets

<https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings>

If person is confirmed to have contracted COVID-19 and the college is informed of this we will contact the local health protection team and will follow all advice that is given.

COVID-19 Response team created to centralise all COVID-19 related matters and tracking staff and student confirmed cases and implement self-isolating measures to the college community.

Staff to provide written evidence that they have maintained 2 metre social distancing during lessons for any confirmed student positive cases in order for staff member not having to self-isolate.

Live tracking sheet in operation to capture 'self-isolation' dates with confirmed cases in the college community.

Mass testing scheme college register can provide the COVID-19 Response team with positive test results quickly to enable them to act promptly and notify those they must leave site to self-isolate.

Mass Testing centres established for carrying out COVID-19 (Lateral Flow Device) tests for staff and students who consent to being tested.

College will send all students relevant information regarding on site and home testing programme.

All students who consent to being tested will receive one test prior to attending on site lessons.

Curriculum teams given day for students 1st test and will arrange time slots for students to help stagger the testing process. After students have had their 1st test they will immediately leave the campus.

Distribute home testing kits for all students and staff. Staff to begin testing from home from 8th March, students will test from home after the Easter holidays.

Signs in place to raise awareness of good handwashing technique, increased frequency, avoid touching face and to cough or sneeze into a tissue (catch it, bin it, kill it) or arm if tissue is not available.

Providing regular reminders and signage to maintain personal hygiene standards.

Hand sanitiser available at various locations on site.

Cleaning of toilets are part of a robust cleaning regime.

| | |
|--|--|
| Controlling access and egress to site and movement around the building | Removal of waste is part of a robust cleaning regime. |
| | Receptionist present to prevent crowd forming in reception. |
| | Line markings placed on the floor in reception and all common parts 2 metres apart for queue. |
| | Front doors are automatically controlled. |
| | Corridors divided down the middle and 'keep left in corridors' policy implemented with appropriate signage displayed in corridors. |
| | Adherence to government guidelines of social distancing and keeping 1+ metres apart. |
| | Regular hand washing and soap available in toilets. |
| | Hand sanitiser stations placed in various key locations on campus. |
| | Many doors within the building are held open with automatic releasing hold-open devices to reduce surface contact. |
| | Reducing movement by discouraging non-essential trips within buildings, encourage use of radios and telephone. |
| | Reduce capacity occupancy for lifts, encourage use of stairs wherever possible. |
| | Making sure that people with disabilities are able to access lifts. |
| | 1+ metre social distance guidelines are enforced. |
| | Hand washing and soap facilities available in the toilets. |
| | Sneeze / cough screen installed on the reception desk and other people facing desks and areas. |
| Hand sanitiser situated in various locations around the campus. | |
| Staff and students will leave site at staggered times to comply with social distancing. | |
| Staff will adhere to social distancing and undertake tasks individually wherever possible. | |
| Face coverings and face visors are available at reception for staff and students if needed. | |
| All staff and students are to wear face coverings in all areas including classrooms, corridors, social and communal spaces except for those that are exempt. | |
| Use of lifts | |
| Staff / Student / Visitors / Contractor safety | |

| | | | |

A levels and Vocational.</p> <p>A Level 'bubbles' will have their lessons in different classrooms, cleaning materials are available for use.</p> <p>Lunch breaks are staggered for 'bubbles'.</p> <p>Each 'bubble' has a designated social area. Hand sanitiser, tissues and wipes are available in each social area.</p> <p>Vocational students will be on site for 3 days for their normal lessons.</p> <p>Student expectations – all students are to abide by all the COVID-19 health & safety measures that have been put in place as well as the college's 'Golden Rules', failure to do so can result in disciplinary procedures.</p> <p>Student guide sent to each student at the start of the academic year.</p> <p>Stop all non-essential visitors.</p> <p>Discourage all unnecessary cross campus travel.</p> <p>SMT to approve any cross campus working.</p> <p>Consider platforms such as Microsoft teams or Zoom to eliminate the need to travel between campuses.</p> |
| <p>Mass Testing Scheme</p> | <p>Staff Students Visitors Contractors</p> | <p>A robust Risk assessment is carried out for the mass testing Scheme.</p> <p>All NHS / DfE / Government guidance is followed.</p> <p>The testing centre is set up following the NHS 'How to guide'.</p> |

| | | |
|-------------------------|--|--|
| Suitable location | | The college has identified an appropriate location to carry out mass testing. The areas identified meets the space required for testing and maintaining social distancing, this includes a one way system, separate entrance and exit points and good ventilation. |
| | | Testing location can be well ventilated. |
| Lack of leadership | | Quality and Team Leaders have been identified and appointed at each testing centre. |
| Staff Training | | All those responsible for undertaking the 'processing' role are suitably trained before tests are carried out. |
| | | Trained staff are on hand to help all test subjects. |
| Data protection | | All data collected from test subjects are held in accordance with data protection and college policies. |
| Waste | | The college has in place suitable clinical waste disposal procedures. |
| | | Adequate bins (clinical & general) provided for the disposal of waste. |
| Lack of PPE Equipment | | PPE is provided to testing staff with advice and training given. |
| Hygiene | | Sanitiser is readily available throughout the centre. |
| Signage | | Signage is displayed to help aid the testing process. |
| Cleaning | | Testing location will be able to meet cleaning requirements i.e. non-porous floor and fully wipeable surfaces. |
| | | The identified location has all required cleaning materials accessible, which have been secured to ensure sufficient supply. |
| | | Cleaning of all surfaces, in line with COVID protocols, will be undertaken between each test. |
| | | Regular cleaning of the site including wipe down of all potential touchpoints in accordance with PHE guidance. |
| Positive results | | Mass testing scheme college register can provide the COVID-19 Response team with positive test results quickly to enable them to act quickly and notify those them must leave site to self-isolate. |
| | | Separate area designated for holding positive cases whilst waiting for transportation before leaving campus to self-isolate. |
| College insurance cover | | Insurance company have stated the current coverage in place is sufficient to cover the college without additional terms as long as the college sticks to government advice, protocols and training. |

| | | | |

| Form: Risk Assessment Form | Form Reference: USP 010 | Issue No: One | Updated: November 2018 |
|----------------------------|-------------------------|------------------|------------------------------|

| | | |
|---|--|--|
| | | Insurers require the college to complete the 'COVID Testing Insurance Checklist'. |
| Clinically vulnerable staff / students Those with serious underlying health conditions or pre-existing medical conditions which put them at very high risk of severe illness from coronavirus and have been advised by their clinician or through a letter | Staff Students | Staff that have been classed as clinically extremely vulnerable can attend work from the 1 st August 2020, Managers will discuss with staff members if they have any concerns prior to returning. <u>Guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19 - GOV.UK (www.gov.uk)</u> |
| | | Students that who have been classed as clinically extremely vulnerable due to a pre-existing medical conditions can attend college, this will be reviewed by the relevant area. |
| Use of building facilities Access to toilets Smoking area | Staff Students Contractors Visitors | Hand washing and soap facilities available in the toilets. |
| | | Toilets are cleaned and disinfected on a regular basis throughout the day. |
| | | Some sinks and urinals taken out of action to help maintain social distance measures. |
| | | Route to toilets are kept clear with no obstructions. |
| | | Reduced number of people permitted in toilets at one time. |
| | | Staff smoking area reduced to single person use at all times. |
| | | Student smoking area reduced capacity to maintain social distancing. |
| Classrooms General use | Staff Students Contractors | Cleaning of Classroom form part of a robust cleaning regime. |
| | | Classrooms cleaned during the day by contracted cleaning team for any timetabled 'bubble' cross overs. This process is reviewed regularly due to changes in the programmed timetable. |
| | | Hand sanitiser, tissues and wipes are available in each classroom. |
| | | Wipes available in classrooms for staff/students to wipe down desks and chairs. |
| | | All lessons are taught within each educational 'bubble'. |
| | | Teachers will devise seating plans for all lessons to help identify potential close contacts. |
| | | All teachers to wear face coverings when teaching unless medically exempt. |

| | | |
|---|--|---|
| Set up of room – social distancing | | Furniture is arranged so all students are facing the front of the class and not sitting face to face. |
| Use of computer equipment | | Floor area around teacher's desks marked out with hazard warning tape for a 'safe teaching zone'. |
| | | Computer equipment (keyboards, mouse and screen) and work stations are cleaned and disinfected before use. |
| | | Computer chairs cleaned and disinfected before use. |
| Cleaning | Staff Learners Visitors Contractors | Cleaners on site every morning/afternoon to undertake robust cleaning regime. |
| | | Cleaner present on site throughout the day. |
| | | All contact areas (door handles, light switches, locks, toilet flush, and taps etc.) are disinfected on a regular basis throughout the day. |
| | | Opening windows to encourage ventilation and fresh air. |
| | | Classrooms cleaned during the day by contracted cleaning team for any timetabled 'bubble' cross overs. This process is reviewed regularly due to changes in the programmed timetable. |
| Cleaning after someone is taken ill on site | | Close off area and ensure it is not used until it has been thoroughly cleaned and decontaminated. |
| | | Follow government cleaning guidelines if someone is taken ill on campus. |
| | | https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings |
| Contractors / Visitors on site | Staff Learners Visitors Contractors | Encouraging visits to occur via remote systems such as Microsoft teams / Zoom. |
| | | Adherence to government guidelines of social distancing are explained prior to any visit. |
| | | Provide clear guidance on social distancing and hygiene measures in place on arrival, for example, signage, website information, by telephone or email correspondence. |
| | | Sneeze / cough screen installed on the reception desk. |
| | | Hand sanitiser available on reception. |
| | | Hand washing and soap facilities available in toilets. |
| | | Stop all non-essential visitors. |

| | | |
|--|--|---|
| <p>Interaction with contractors undertaking relevant works</p> <p>Emergency procedures</p> | | <p>Limit the number of visits at any one time.</p> <p>All visitors authorised by SMT.</p> <p>Visitors greeted by member of staff and escorted keeping 2 metre social distancing where possible to do so.</p> <p>Keep a record of all visitors and contractors.</p> <p>Record kept at Reception with sign in/out tablet.</p> <p>Scheduling contractor works outside college hours, for example, early mornings, after college hours.</p> <p>All safety agreements in place prior to works being undertaken.</p> <p>Emergency procedures explained and escapes routes shown to contractors prior to works being commenced.</p> <p>Emergency procedures explained to visitors by host.</p> <p>Contractor provides and wears own PPE equipment.</p> |
| <p>Meetings</p> | <p>Staff Visitors</p> | <p>Only absolutely necessary meeting participants should attend.</p> <p>Attendees should be two metres apart from each other at all times.</p> <p>Rooms should be well ventilated / windows opened to allow fresh air circulation if possible.</p> <p>Consider holding meetings in open areas where possible.</p> <p>Using remote working tools to avoid in-person meetings if at all possible.</p> <p>Avoid transmission during meetings, for example, avoiding sharing pens.</p> <p>Provide hand sanitiser in meetings.</p> <p>For areas where regular meetings take place, using floor signage to help people maintain social distancing.</p> |
| <p>Emergency / safety procedures Fire</p> | <p>Staff Students Visitors Contractors</p> | <p>Students are told of the Emergency procedures and escapes routes whilst on site.</p> <p>Hand sanitiser added to the emergency grab bag held at reception.</p> <p>Fire Marshalls / all staff charged with ensuring social distancing whilst at the assembly point.</p> |

| | | |
|---|--|--|
| First Aid provision | | First aiders provided with PPE. |
| | | Dedicated area to administer first aid. |
| | | Advice on CPR and resuscitation in the workplace is taken from UK Gov & the Resuscitation Council: https://www.resus.org.uk/media/statements/resuscitation-council-uk-statements-on-covid-19-coronavirus-cpr-and-resuscitation/covid-community/ https://www.gov.uk/government/publications/novel-coronavirus-2019-ncov-interim-guidance-for-first-responders/interim-guidance-for-first-responders-and-others-in-close-contact-with-symptomatic-people-with-potential-2019-ncov |
| | | Where possible, it is recommended that you do not perform rescue breaths; perform chest compressions only. |
| | | After any first aid incident, wash hands and area where treatment was provided. |
| Canteen /Restaurants Facilities | Staff Students Visitors Contractors | Canteen operating at a reduced capacity, pre packed/pre pared food only. |
| | | Vending machines contact points are disinfected on a regular basis throughout the day. |
| | | Hand sanitiser located next to water machines/fountains. |
| | | Cleaning of water machines/fountains form part of a robust cleaning regime. |
| Offices / Staff rooms Sharing work space | Staff | Audit of all staff rooms carried out on both campuses by the H&S team to establish capacity and socially distanced working. |
| | | Reduced number of staff working on site. |
| | | Staff able to work in offices on their own. |
| | | Offices cleaned prior to use each morning. |
| | | All offices provided with hand sanitiser, tissues and wipes. |
| | | Adhering to the College clear desk policy. |
| | | Avoid the use of 'hot desks' and work spaces. |
| | | Clearing work spaces and removing waste and belongings at the end of each day. |
| Office set up | | Office furniture rearranged to ensure staff can work 1+ metres apart or other safety measures are put in place such as screen dividers. |

| | | |
|--|----------------------------------|--|
| Staff room facilities | | If desks and work stations cannot be rearranged ensure staff are working side by side rather than face-to-face. Teachers able to work in classrooms where possible to do so. |
| | | Cleaning of staff rooms are part of a robust cleaning regime. |
| | | Stagger break times as best as possible. |
| | | Using safe outside areas for breaks. |
| | | Creating additional space by using unused classrooms due to reduced timetable. |
| | | Encourage staff to bring in their own food. |
| | | Encourage staff to remain on site during break periods. |
| | | Rearrange furniture to maintain spacing and reduce face to face interactions. |
| | | Ensure rubbish is cleared away by every member of staff and not left for other members of the team. |
| Deliveries | Staff Visitors Contractors | All personal deliveries should be strongly discouraged. |
| | | All deliveries sent to the Estates office. |
| | | Introduce greater handwashing for workers handling goods and merchandise and providing hand sanitiser if washing facilities are not available. |
| | | Deliveries should be left in an isolated location for more than 72 hours before being distributed. |
| | | Consideration taken to reduce frequency of deliveries, i.e. order larger quantities. |
| | | Keep number of staff members to a minimum handling goods and deliveries. |
| Printers | Staff Students Contractors | Limit or restricting use of shared printers (reprographics and printers located at various areas). |
| | | Additional support from Reprographics and Curriculum Admin team to help teaching staff. |
| Stress / anxiety Staff and students | Staff Students | HR team available to support all staff. |
| | | The college has access to external agencies (Employee Assistance Programme) for staff to contact if needed. Education Support Partnership - 08000 856148 |
| | | Student services available to support all students. |
