MANAGEMENT OF HEALTH AND SAFETY AT WORK REGULATIONS 1999 GENERAL RISK ASSESSMENT

Activity / Environment / People	COVID-19 Summer 2021 term	Ref No.	COVID-19 Summer Term

Task / Operation / Area Being **Assessed**

Daily operations at the Seevic campus for the Summer 2021 term with 100% full staff and student attendance

Purpose / Method of Work

With the Government's Roadmap plan for coming out of Lockdown, the college will return to 100% on site face to face learning for the start of the Summer term (12th April 2021). Therefore students will resume all of their lessons in the classroom and all staff will be expected to work on site unless prior agreement has been reached with their line manager.

After the successful on site asymptotic COVID-19 testing for students prior to the Easter holidays, the college community will continue to self-test at home twice weekly using the Rapid Lateral Flow Devices (LFD) to help reduce any potential outbreaks on campus.

Assessing and managing the risk of college operations at both campuses after the Easer holidays. Continue implementation of new working and learning operations on site which will include but is not an exhaustive list:

- Social distance working
- Social distance learning
- Importance of personal hygiene hand washing
- Dividing corridors with safety tape and implementing 'Keep left in corridors' measures
- Staggered starting times
- Staggered break times
- Wearing of face coverings in all areas including classrooms
- On site COVID-19 testing and home testing implemented to those that consent to being tested

Specific Legislative Requirements

The Health Protection (Coronavirus) Regulations 2020 Health and Safety at Work etc Act Management of Health and Safety at Work Regulations Provision and Use of Work Equipment Regulations Workplace (Health, Safety & Welfare) Regulations Manual Handling Operations Regulations Control of Substances Hazardous to Health Regulations

Chemicals / Materials Involved	HSC No.	Assessment Date
Disinfectant Sanitiser		

Level of Skill / Training Required

Awareness of safe practices and procedures for Coronavirus

Appropriate level of competence to operate work equipment

Awareness of emergency procedures

NHS Mass testing training

Specific	Work	Faui	pment	Provided
Obecilic	TTOIR	Lyui	hilletif	riovided

PPE equipment

Cleaning equipment - mops, buckets etc

Waste disposal equipment – clinical waste bins

Reactive agent contained within Lateral Flow Device equipment				

Main Hazards Identified	Who Will be Affected	Control Measures to Reduce The Risk
Spread of the Virus COVID-19 General	Staff Students Contractors Visitors	NHS provides advice on what COVID-19 is, what the risks are, the symptoms, how COVID-19 is spread, and how to avoid catching or spreading germs (simple Do's and Don'ts): https://www.nhs.uk/conditions/coronavirus-covid-19/
		Government guidance on hand washing is provided in line with the 20 second rule:
		https://www.nhs.uk/video/pages/how-to-wash-hands.aspx
		Additional consideration will be given to members of staff / learners who may be deemed to be at increased risk.
		Robust cleaning regime in place, frequent contact surfaces such as door handles and light switches are disinfected regularly.
Someone entering the site with COVID-19		Any reported absenteeism from either staff or students that believe they have symptoms of COVID-19 will be told to use the online 111 coronavirus service or call 111 or 119 and self-isolate.
		Posters are displayed around site with information of symptoms of the virus.
		Any staff or students that notify the college they believe they have symptoms will be sent home and told to follow NHS / Government guidance. https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance
		Hand washing and soap facilities available in the toilets.
		Hand sanitiser available at various locations on site.
Someone becomes ill whilst on site		Person will be moved to a separate room where they can isolate and shut the door and have access to a toilet, supervision will be provided if required.
		Person will be sent home to self-isolate and to follow NHS / government guidance, this includes getting tested.
		Close off area and ensure it is not used until it has been thoroughly cleaned and decontaminated.
		Follow government cleaning guidelines if someone is taken ill on campus.

College Test and Trace system

COVID-19 home Testing and a small scale on site testing centre

Hygiene – hand washing, sanitation facilities and toilets

https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings

If person is confirmed to have contracted COVID-19 and the college is informed of this we will contact the local health protection team and will follow all advice that is given.

COVID-19 Response team created to centralise all COVID-19 related matters and tracking staff and student confirmed cases and implement self-isolating measures to the college community.

Staff to provide written evidence that they have maintained 2 metre social distancing during lessons for any confirmed student positive cases in order for staff member not having to self-isolate.

Live tracking sheet in operation to capture 'self-isolation' dates with confirmed cases in the college community.

College will send all students relevant information regarding the home testing programme.

Home testing kits for all students and staff distributed prior to the Easter holidays. Staff began testing from home from 8th March, students will test from home after the Easter holidays.

If a student or staff member test positive whilst home testing they are to notify the college immediately and they and their household are to self-isolate.

If a student or staff member test positive whilst home testing they are to order a Polymerase chain reaction (PCR) test. If they test negative as a result of the PCR test then this will supersede the LFT home test result and they can then attend college.

Mass testing centre relocated to different area of the college and greatly reducing the capacity of on site testing.

Booking system in place for any on site testing.

Signs in place to raise awareness of good handwashing technique, increased frequency, avoid touching face and to cough or sneeze into a tissue (catch it, bin it, kill it) or arm if tissue is not available.

Providing regular reminders and signage to maintain personal hygiene standards.

Hand sanitiser available at various locations on site.

Cleaning of toilets are part of a robust cleaning regime.

Controlling access and egress to site and movement around the building

Use of lifts

Staff / Student / Visitors / Contractor safety

Removal of waste is part of a robust cleaning regime.

Receptionist present to prevent crowd forming in reception.

Line markings placed on the floor in reception and all common parts 2 metres apart for queue.

Front doors are automatically controlled.

Corridors divided down the middle and 'keep left in corridors' policy implemented with appropriate signage displayed in corridors.

Adherence to government guidelines of social distancing and keeping 2 metres apart.

Regular hand washing and soap available in toilets.

Hand sanitiser stations placed in various key locations on campus.

Many doors within the building are held open with automatic releasing hold-open devices to reduce surface contact.

Reducing movement by discouraging non-essential trips within buildings, encourage use of radios and telephone.

Reduce capacity occupancy for lifts, encourage use of stairs wherever possible.

Making sure that people with disabilities are able to access lifts.

2 metre social distance guidelines are enforced.

Hand washing and soap facilities available in the toilets.

Sneeze / cough screen installed on the reception desk and other people facing desks and areas.

Hand sanitiser situated in various locations around the campus.

Staff and students will leave site at staggered times to comply with social distancing.

Staff will adhere to social distancing and undertake tasks individually wherever possible.

Face coverings and face visors are available at reception for staff and students if needed.

All staff and students are to wear face coverings in all areas including classrooms, corridors, social and communal spaces except for those that are exempt.

Form: Risk Assessment Form	Form Reference: USP 010	Issue No: One	Updated: November
			2018

		All teachers to wear face coverings when teaching unless medically exempt.
		Instructions available on website on how to put on and remove face mask correctly.
		Some teams operating a work from home rota.
		Signs in place to highlight key information regarding COVID-19 (Washing hands / COVID-19 Symptoms).
		Introduce staggered start times for classes to reduce congestion and contact times.
		Students grouped into educational 'bubbles'. A levels and Vocational.
		A Level 'bubbles' will have their lessons in different classrooms, cleaning materials are available for use.
		Lunch breaks are staggered for 'bubbles'.
		Each 'bubble' has a designated social area. Hand sanitiser, tissues and wipes are available in each social area.
		Student expectations – all students are to abide by all the COVID-19 health & safety measures that have been put in place as well as the college's 'Golden Rules', failure to do so can result in disciplinary procedures.
		Student guide sent to each student at the start of the academic year.
		Stop all non-essential visitors.
Staff cross campus working		Cross campus travel permitted for essential purposes only.
		Cross campus travel not permitted in the same day.
		Consider platforms such as Microsoft teams or Zoom to eliminate the need to travel between campuses.
On site Testing Scheme	Staff Students Visitors Contractors	A robust Risk assessment was carried out for the mass testing Scheme and has been updated for the relocation and reduction of the testing centre.
	Contractors	All NHS / DfE / Government guidance is followed.
		The testing centre is set up following the NHS 'How to guide'. This has been greatly reduced and some stations are no longer required.
Suitable location		The college has identified an appropriate location to relocate the testing area. The areas identified meets the space required for testing and maintaining social distancing, this includes a one way system, separate entrance and exit points and good ventilation.
