University of Essex—Taster Week 2021

'Every summer we host a series of exciting taster days for students in years 10 - 13, as well as mature students. These events provide an opportunity to explore academic subjects at undergraduate level, in addition to providing a unique experience of a day in the life of a university student.

This year has been a little different so we have decided to run our annual Taster Week a little differently too. Taster Week 2021 will run virtually so that students can get a flavour of what Essex has to offer from the comfort of their own home or classroom. The event will run over 3 days to reflect each of our three faculties at our campuses.

The days will include academic sessions, as well as the opportunity to speak to staff and students, to help prepare students in making informed university choices and a great application.

All events are open to students attending as individuals or to school groups, and multiple days may be booked.'

Dates: 5th—7th July

Uni Taster Days—Study in the Midlands Webinar—17th June

'Ten experts and nine Midlands universities in one place, to help with your higher education choices.

Whether you're planning to start university this year, in 2022, or even 2023 and beyond. Or supporting people that are making their university decisions - this webinar will be tremendously useful for you.'

University of Plymouth—Girls in Geoscience

'Taking place on **Monday 28th and Tuesday 29th June**, this fantastic FREE event is aimed at Year 12 girls interested in finding out more about the geosciences and the directions it could take them. We are also able to accept bookings from girls in year 10 and 11.

The event will take place on Zoom, and once registered attendees will receive joining information and web-links to the event and sessions they have chosen. Talks, workshop and fieldtrips will be run live and enable girls to interact and ask questions throughout. They will also be able to take part in live Q and A sessions with the speakers, where they can find out more about the world of Geoscience.

UCAS Discovery Week

'This June, we're bringing you a whole lot of inspiration, information, and live events, with everything you need to get your future plans on track this summer – all packed into just one week!

All set and ready to apply? Get a whistle-stop tour of the UCAS essentials including live application clinics and personal statement workshops. Learn about interviews, finance, student accommodation, and more.

Still looking or keeping an open mind? Explore and meet 100+ unis and employers, take part in live students Q&As, and experience what it's really like with virtual tours, taster sessions, and more.

Not sure where to begin and in need of some inspiration? Join live career workshops on how to get started, talk to current students about things they wish they knew, and work your way through an entire showcase of career opportunities.

So wherever you're at with your plans, UCAS/Discovery is here to help. Sign up today to take part in what's set to be an unmissable week.'

City University – A Guide to the Personal Statement

'In this session City's Schools Liaison team will take you through how to approach the UCAS Personal Statement. Through a series of videos we will look at the basics and structure, and also consider how to still write a great personal statement when activities may have been affected by the pandemic. The videos will be accompanied by a live typed chat where you can ask any questions you have.'

Mon, 14 Jun 17:00 - 18:00
