- f. In practical exams subject teachers may be on hand in case of any technical difficulties.

This is valid for all students in A Level, GCSE and BTEC examinations.

6.3 Access Arrangements

- a. Access arrangements allow candidates with specific needs such as special educational needs, disabilities or temporary injuries to access the assessment without changing the demands of the assessment. Access arrangements are reasonable adjustments which are agreed at the pre-assessment planning stage and is any action which helps to reduce the effect of a disability or difficulty which places the learner at a substantial disadvantage.
- b. The Head of Centre will ensure that a reasonable adjustment implemented by the Centre on the behalf of a learner is based on firm evidence of a barrier to assessments and is line with JCQ rules and guidance.
- c. The access arrangements put in place reflects the 'normal way of working' for that learner in the centre.
- d. The Additional Learning Support (ALS) Manager will ensure that the candidate has an impairment which has a substantial and long term adverse effect giving rise to persistent and significant difficulties. The ALS Manager will determine the needs of candidates based on a current Educational Health & Care Plan (EHCP) or Individual Support Plan which confirms the candidate's disabilities. For learners without an EHCP, the appropriately qualified assessor's report will confirm standardised scores, which are significantly below average and confirm the candidate's persistent and significant difficulties.
- e. The ALS Manager will ensure that all documentation is completed and assessment processes undertaken in a rigorous fashion in accordance with JCQ regulations. Documentation will be held and made available for inspection by JCQ inspectors.
- f. Submitting completed access arrangement applications to the awarding bodies is the responsibility of the Exams Office.

- a. Should a candidate be ill before an exam, suffer bereavement or other trauma, be taken ill during the exam itself or otherwise disadvantaged or disturbed during an exam, then it is the candidate's responsibility to alert the centre, the Exams Officer, or the Exam Invigilator, to that effect.
- b. The candidate must support any special consideration claim with appropriate evidence within three calendar days of the exam, for example by providing a letter from the candidate's doctor.
- c. The Exams Officer will then submit a special consideration request per subject to the relevant awarding body within seven working days of the exam session.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill, who have been trained in this activity and do not have any potential conflicts of interest. If AI tools have been used to assist in the marking of candidates' work, they will not be the sole marker.

USP College is committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where more than one subject teacher/tutor is involved in marking candidates' work, internal moderation and standardisation will ensure consistency of marking.

On being informed of their centre-assessed marks, if a candidate believes that the above procedures were not followed, then the candidate may make use of the appeals procedure (Appendix 3) to consider whether to request a review of the centre's marking.

All students should be informed of the Appeals Procedure at the beginning of the course. The process for managing appeals against internal assessments is available at Appendix 3 of the Exams Policy.

If the centre has concerns about one of its component/subject cohorts, then requests for reviews of marking should be submitted for all candidates believed to be affected (candidate consent is required as marks and subject grades may be lowered, confirmed or raised); the Exams Officer, teaching staff and Head of Centre will investigate the feasibility of asking for a review of marking at the Centre's expense.

Assessment Appeals Procedure

Issued and reviewed by the Exams Officer
Date of this version: October 2025

USP College will:-

1. ensure that candidates are informed of their centre-assessed marks so that they may request a review of the centre's marking before marks are submitted to the awarding body
 2. inform candidates that they will need to explain on what grounds they wish to request a review of an internally assessed mark as a review will only focus on the quality of work submitted
 3. inform candidates that they may request copies of materials (as a minimum, a copy of the marked assessment material (work) and the mark scheme or assessment criteria plus additional materials which may vary from subject to subject) to assist them in considering whether to request a review of the centre's marking of the assessment
 4. having received a request for copies of materials, promptly make them available to the candidate within 3 working days. (This will either be the originals viewed under supervised conditions, or copies)
 5. inform candidates they will not be allowed access to original assessment material, including artefacts, unless supervised
 6. provide candidates with sufficient time, normally at least five working days, to allow them to review copies of materials and reach a decision
 7. provide a clear deadline for candidates to submit a request for a review of the centre's marking. Requests will not be accepted after this deadline. Requests must be made in writing within 5 working days of receiving copies of the requested materials by completing an internal appeals application form and candidates must explain on what grounds they wish to request a review
 8. allow 7 working days for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline for the submission of marks
 9. ensure that the review of marking is conducted by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate for the component in question and has no personal interest in the outcome of the review
 10. instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre
 11. inform the candidate in writing of the outcome of the review of the centre's marking
- The outcome of the review of the centre's marking will be made known to the Head of Centre who will have the final decision if there is any disagreement on the mark to be submitted to the awarding body. A written record of the review will be kept and made available to the awarding body upon request.

The awarding body will be informed if the centre does not accept the outcome of a review.

The moderation process carried out by the awarding body may result in a mark change, either upwards or downwards, even after an internal review. The internal review process is in place to ensure consistency of marking within the centre, whereas moderation by the awarding body ensures that the centre's marking is in line with national standards. The mark submitted to the awarding body is subject to change and should, therefore, be considered provisional.

1. Students have the right to appeal if:

- a. They think that their work has not been assessed when they believe any relevant deadlines were met.
- b. They think that the evidence/work that they have produced has not been properly assessed.
- c. This may include an occasion where a student thinks that circumstances (e.g. difficulties that were not of the student's making) were not taken into account even though they were communicated to the subject teacher before any relevant deadlines had passed.

If a student thinks that either of the above points apply to them they should first follow the Informal Appeals Procedure (see below).

Higher Education students should follow the Informal Appeals Procedure provided in their Programme Handbook.

2. Informal Appeals Procedure

The student should first communicate with the subject teacher or assessor concerned and ask that:

- a. Assessment takes place if it has not already been carried out
- b. The evidence / work be reassessed if they think that it has not been properly assessed
- c. A review take place if there are factors which should have been taken into account
- d. In the case of a countrywide lockdown or other exceptional circumstances, the student believes that their award has not been graded properly.

3. Formal Appeals Procedure

- a. If the student is still not satisfied with the outcome of the informal appeal, then he or she may appeal for a second opinion from the relevant Curriculum Manager for the course concerned.
- b. To make a formal appeal, the student should complete the appeals form which is available from the Exams office at the college. The student may ask their Facilitator or any other person to assist with the completion of the form. The form should be submitted within 5 working days of their informal appeal outcome.
- c. The student will be notified of the outcome of the formal appeal within 10 working days.
- d. Any grades present or altered as a result of an internal appeal will be subject to the normal moderation/verification procedures where appropriate.
- e. If the student is still not satisfied with the outcome of the formal appeal, then they may follow the college's Complaints Procedure.
- f. If, after following the Complaints Procedure, the student considers that the college's decision continues to disadvantage them, then the student can request that the college forwards the student's appeal to the Awarding Body.

Students should be aware that as a result of any appeal marks and grades may go up, stay the same, or go down.
- b. Full details of enquiries about results services are given in the JCQ publication Post-Results Services:

<http://www.jcq.org.uk/exams-office/post-results-services>

2. Awarding Organisations have fees associated with the various forms of review and the student is responsible for paying these fees to the college prior to an application being made on their behalf. If there is a positive change to the overall subject grade (e.g. a grade D to a C) the fee will be refunded. The appeals process is managed by the Exams Department. Enquiries about Results can only be submitted by the college on behalf of the student. Students may not appeal directly (unless they are a Private Candidate).

- 2.1 When considering whether or not to apply for post result services, students must be aware of the following points:

- a. The published deadline dates for enquiries about results and subsequent appeals are final. Enquiries about results should be submitted as soon as possible. All fees and deadline information will be provided at the time of results issue.
- b. All applications for EARs will be accepted by the college but students are responsible for seeking advice from their subject teachers prior to submitting a request. The student must sign the consent section on the application to indicate that they understand that marks and grades may go up, stay the same, or go down.

3. **Re-moderation requests: Internally assessed components – coursework, controlled assessments and practical's**

- 3.1 If a student is dissatisfied with the results for an internally assessed component they must contact the Curriculum Manager in the first instance. It is not possible to submit an individual appeal in relation to coursework, controlled assessment or practical marks. The matter must be referred to the Curriculum Manager. The Curriculum Director will decide whether to request re-moderation of all students' work – their decision is final.

4. **Appeals against the outcomes of enquiries about results**

Introduction

- 4.1 If the Head of Centre or student is dissatisfied with examination results and has reasons to suspect they may not be accurate, the first step to take is to make an enquiry about results as outlined above.
- 4.2 If doubts remain about the accuracy of the results following the enquiry about results process, the student should refer initially to the JCQ publication 'Post Results Services'. If after consulting this document the Centre or student is convinced that the Awarding Organisation

has not followed due process it is possible to submit an appeal based upon specific grounds. An appeal against an Enquiry about Results outcome must be approved by the Head of Centre.

NB internal students and/or their parents/carers are not entitled to appeal directly to the awarding body. Representations must be made to the Head of Centre where the student was entered or registered. The Head of Centre's decision as to whether to proceed with an appeal is subject to the Centre's internal appeals arrangements.

- 4.3** If, after following the internal appeals process, an appeal is accepted by the Head of Centre an application will be made to the Awarding Organisation and an investigation will follow. An appeal investigation does not generally involve a further review of students' work.

Full details of the Appeals process can be found in the JCQ 'Appeals Booklet':

<http://www.jcq.org.uk/exams-office/appeals/>

- 4.4** If the Head of Centre decides that an appeal is unwarranted after an internal appeal has been carried out, then this decision is final.

Appendix 5

1. ID Policy

- 1.1 Upon registration, all students are supplied with photographic ID and expected to wear this at all times via a lanyard whilst in college. Entry to the college is by way of a 'swipe in, swipe out' barrier system. Any students who forget or lose their ID are expected to purchase a replacement card via Reception.
- 1.2 Students are expected to bring their ID passes to all examinations. These are displayed on their desk to enable identification checks prior to commencement of the exam. Any students who have a temporary ID will remain at the end of the exam and be brought to the Exams Office for ID verification checks via the college database.
- 1.3 Private candidates are required to provide photographic ID when registering for an exam (passport etc). A copy of this information and photograph is made available to the invigilator for verification. Private candidates should bring a photographic ID to the exam as proof of identity.

What is Malpractice & Maladministration?

The only exception to this is where the awarding body's confidential assessment material has potentially been breached. The breach will be reported to the awarding body immediately (SMPP 4.5)
- f. If, in the view of the investigator, there is sufficient evidence to implicate an individual in malpractice, that individual (a candidate or a member of staff) will be informed of the rights of accused individuals (SMPP 5.33)

Communicating malpractice decisions

Once a decision has been made, it will be communicated in writing to the Head of Centre as soon as possible. The Head of Centre will communicate the decision to the individuals concerned and pass on details of any sanctions and action in cases where this is indicated. Equality and Diversity Statement & Impact Assessment

USP College is committed to equality of opportunity. The aim is to create an environment in which people treat each other with mutual respect, regardless of: age, disability, family responsibility, marital status, race, colour, ethnicity, nationality, religion or belief, gender, gender identity, transgender, sexual orientation, trade union activity or unrelated criminal convictions.

This form should be used by managers and policy owners within their area of responsibility to carry out Equality and Diversity Impact Assessments (EDIAs) in relation to protected characteristics including, but not limited to: Age, Disability, Gender reassignment, Marriage and civil partnership, Pregnancy and maternity, Race, Religion and belief, Sex, Sexual orientation. The word 'policy' is taken to include strategies, policies, procedures and guidance notes; both formal and informal, internal and external.

1. Name of Policy

Examinations Policy

2. Which of the following groups could be affected by this policy?

(Tick all that apply)

Students	<input checked="" type="checkbox"/>
Staff	<input checked="" type="checkbox"/>
Wider Community	<input type="checkbox"/>

3. Complaints

Have complaints been received from anyone with one or more protected characteristic about the service provided? If yes then please give details.

N/A

4. The Impact

Four possible impacts should be considered as part of the assessment:

- Positive Impact** - Where the policy might have a positive impact on a particular protected characteristic.
- None or Little Impact** – Where you think a policy does not disadvantage any of the protected characteristics
- Some Impact** – Where a policy might disadvantage any of the protected characteristics groups to some extent. This disadvantage may be also differential in the sense that where the negative impact on one particular group of individuals with protected characteristic is likely to be greater than on another.
- Substantial Impact** – Where you think that the policy could have a negative impact on any or all of the protected characteristics. This disadvantage may be also differential in the sense that the negative impact on one particular protected characteristic is likely to be greater than on another.

Thought-provoking questions, which might help come to a decision about the impact of a policy on individuals with protected characteristics:

- Does policy outcomes and service take up differ between people with different protected characteristics?
- What key information do we have? Does data or engagement with people with protected characteristics give insights into areas of disadvantage, which relate to the policy area?
- If the policy is likely to have a negative impact on individuals, sharing particular characteristics what steps can be taken to mitigate these effects?
- Will the policy deliver practical benefits for certain groups?
- Does the policy miss opportunities to advance equality of opportunity and foster good understanding/ relationships between groups?
- Do other policies need to change to make this policy more effective?
- Is there any elements of the policy that could be unlawful under the Equality Act 2010?

Use the guidance provided above and complete the following table: **(Please Tick ✓)**

What cannot be changed?	Can this be justified?	If so, how?
Not applicable		
E.g., Disabled people can be treated more favourably under the Disability Discrimination Act 2005 . Equality Act 2010. If a policy appears to treat disabled people more favourably than other equality groups, the disadvantage may be justifiable		

Please list the main actions that you plan to take as a result of this assessment in your area of responsibility.
